Supplementary Materials

Supplemental Table 1.
**Supplemental Table 1. Semi-structured interview guide.**

**Interview guide for HVIP participants:**
1. Tell me about how you came to be in the Yale New Haven Hospital violence intervention program.
   a. What happened to you?
   b. Describe how [social worker] approached you. What did he say?
   c. Why did you decide to participate in the program?
2. When he described the program, what did you think of it?
   a. What was appealing to you about the program?
   b. Did you have any hesitations about joining the program? What were they? Why?
3. Tell me a little bit about your time in the violence intervention program.
   a. What did the program offer you?
   b. Did we meet your goals? Why or why not?
4. Are we providing the right things through this program? Is there anything that we are missing?
5. Was there anything that you didn’t like about the program? Is there anything we need to change?
6. From your perspective, how was your participation in the program affected by COVID?
7. Do you think this is a necessary program overall? That is, do you think that victims of violence need this type of program? Why or why not?

**Interview guide for HVIP program administrators**
1. Do our patients, that is to say, victims of violence at Yale New Haven Hospital, do they need this program? Why?
2. Do our participants in the program seem to accept the program? Do they like it? Do they engage with you?
3. Is there anything that makes participants not want to engage with the program?
4. Is there anything you have done/changes you have made to engage with patients in the program?
5. Can you tell me about one patient that you successfully recruited?
6. Can you tell me about one patient that you were unable to recruit into the program?
7. Are we meeting our patient’s goals? Are we able to provide those things that patients say they need?
8. Can you tell me a story about one success from the past year?
9. Can you tell me a story about one failure from the past year?
10. Are we providing the right things through this program? Is there anything that we are missing?
11. How was the implementation of the program affected by COVID?
12. What successes have happened in the program this year?
13. What do we need to do to improve the program?

**Supplemental Table 2. Clinician Survey Assessing Awareness of HVIP Services**
1. **Title**
   a. Resident
   b. Attending
   c. Fellow
   d. Nurse
   e. Physician’s assistant
   f. Social worker
   g. Other

2. **Department (Check all that apply)**
   a. Surgery
   b. Emergency medicine
   c. Internal medicine
   d. Other _____

3. **Have you taken care of victims of violence in the last year (including assault, stabbing, gunshot wound, domestic violence etc)?**
   a. Yes
   b. No
   c. Not sure

4. **Are you aware of the YNHH Violence Intervention Program for these patients?**
   a. Yes
   b. No
   c. Not sure

5. **Have you discussed the YNHH Violence Intervention program with any of your patients?**
   a. Yes
   b. No
   c. Not applicable

6. **Have you referred any patients to the YNHH Violence Intervention Program? (By referral, we mean provide the patient with information about the program and call or contact the program to refer them)**
   a. Yes
   b. No
   c. Not applicable

7. **If no, why not? (check all that apply)**
   a. I was not aware of the program
   b. I don’t have enough information about the program to refer my patients
   c. Someone else on the team (other than me) is supposed to refer patients to those services
   d. I don’t think the program provides the type of services my patients need
   e. I don’t think my patients would benefit from the program
   f. Other ______________

8. **Do you think victims of violence have needs that are different from other patients?**
   a. Yes
   b. No
   c. Unsure

9. **Do you think that a hospital-based program, like the YNHH violence intervention
program, is an appropriate resource for victims of violence?

a. Yes
b. No
c. Unsure
