Default Question Block

What residency program are you associated with? (For fellows select completed residency)

- Military Treatment Facility (MTF)
- Military-Civilian Partnership (ie OHSU, UT Houston, Penn State, U Chicago, UAB, UT San Antonio etc.)
- Civilian (Other)

What is your current level of training? (For those on research select your completed level of clinical training)

- PGY-1
- PGY-2
- PGY-3
- PGY-4
- PGY-5
- Fellow

What is your military service?

- Army
- Navy
- Air Force

What was your commissioning source?

- HPSP
- USU
- Other

What military/civilian training courses have you attended? Please select all that apply.

- None

7/2/24, 1:06 AM

Qualtrics Survey Software

- ATOM (Advanced Trauma Operative Management)
- ASSET (Advanced Surgical Skills for Exposure in Trauma)
- ASSET +
- BEST (Basic Endovascular Skills for Trauma)
- ABLS (Advanced Burn Life Support)
- C4 (Combat Casualty Care Course)
- TCCC (Tactical Combat Casualty Care)
- Flight Surgeon Course
- Dive Medicine Course
- Tropical Medicine
- Mountain Medicine
- Bushmaster
- Other

Do you have prior military experience?

- Yes - Medical (PA, Nurse, Medic/Corpsman)
- Yes - Non-medical
- No

If yes, did you deploy while serving in this role? If you have not previously served please select N/A.

- Yes
- No
- N/A

Of the following topics (which are typically taught as part of ACGME general surgery training), please rate your confidence level in managing the following conditions without supervision.

	Not Confident	Some Confidence	Confident
Hemorrhagic Shock	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Non-Hemorrhagic Shock	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Qualtrics Survey Software

	Not Confident	Some Confidence	Confident
Penetrating Thoracic Trauma	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Penetrating Neck Wound	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Burn TBSA > 20%	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Blunt Abdominal Trauma	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Penetrating Abdominal Trauma	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Complex Liver Injury	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Duodenal Injury	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Pancreatic Injury	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Pelvic Fracture	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Extremity Vascular Injury	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Extremity Compartment Syndrome	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

How satisfied are you with the amount of training you received during general surgery residency in each of the following areas?

	Unsatisfied	Neither Satisfied nor Unsatisfied	Satisfied
Trauma	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Vascular	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Burn	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Critical Care	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Trauma Emergency General Surgery	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Pediatric Trauma	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Gynecologic Surgical Emergencies	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Urologic Surgical Emergencies	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

How confident are you that, with your general surgery residency curriculum, you will be adequately prepared to deploy and operate on military combat casualties by the end of

residency?

- Not Confident
- Some Confidence
- Confident

If you had to deploy tomorrow, would you feel comfortable with the following combat surgery skills/procedures?

	Not Confident	Some Confidence	Confident
Fracture Washout	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Incision and Debridement of open wounds	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Fasciotomy	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Exploratory Laparotomy	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Bowel Repair	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Gastric Repair	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Liver and portal vein repair	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Vena Cava Repair	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Carotid Artery Repair	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Extremity Amputation	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Thoracotomy	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Neck exploration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Temporary Vascular Shunting	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Definitive Vascular Repair with interposition graft	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Ventilator Management	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Management of Severe Burn for > 24 hours	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Rank the following academic opportunities (1-8) 1 being most important, 8 being least that you think would make you more prepared to serve as a combat surgeon upon residency graduation.

7/2/24, 1:06 AM

Qualtrics Survey Software

Assigned Military Mentor

Military Surgical Faculty with Combat Experience

Military Journal Club (Required Readings/Discussion)

Joint Trauma System Clinical Practice Guidelines Review

Military Specific SCORE Curriculum

Expert Lectures (Combat Surgery case studies, leadership, ethics)

Military Specific Research

ACS Military Clinical Readiness Curriculum (mCurriculum)

Rank the following surgical training opportunities during general surgery residency training (1-6) 1 being most important, 6 being least important that you think would make you more prepared to serve as a combat surgeon upon residency graduation.

International Elective

Annual Surgical Skills Course (ATOM, ASSET, BEST)

Rural Elective

Orthopedic Subspecialty Training

Urology Subspecialty Training

Face (ENT/OMFS/Plastic Surgery) Training

Do you plan to pursue fellowship training? If you are already in Fellowship, please select your specialty.

- No
- Trauma/Surgical Critical Care
- Colorectal Surgery
- MIS
- Pediatric Surgery
- Vascular Surgery
